BATTLEFORD.

Saskatchewan Herald.

A fine specimen of mountain lion  
was seen near Geo. Harper's place,  
Eagle Hills, a few days ago. The  
man who saw him did not count a  
close acquaintance.

The Rev. J. A. McKay having  
accepted the Principalship of Em-  
manuel College, Prince Albert, has  
tendered his resignation as Indian  
Agent. In view of the early division  
of the agency it is not likely a per-  
manent successor will be appointed  
just now.

When Messrs Finalyson & Mat-  
heson were up the Saskatchewan re-  
cently on a lumbering expedition  
they found a bag of clothing on the  
bank. On searching it with a view  
to discovering the owner they found  
a much worn letter signed by Louis  
David Reil. It had been wet and  
was too much blotted to be alto-  
gether decipherable, but enough was  
made out to show that it was a  
letter going into the details as to  
the plan of campaign proposed by  
the rebel leaders. There was one  
sentence plain and clear which show-  
ed that Reil had had broader plans  
of conquest than was generally sup-  
posed, and also tells how strong a  
feeling he had for the people of the  
Territorial capital. The sentence  
referred to reads: "No more pleas—  
"ant sounds will be heard in heaven  
"than the cries of the Mounted  
"Police when we take Regina."

The owner of the clothes was evi-  
dently in confidence of Louis David.  
Will he come forward and claim  
his clothes and complete the chap-  
ter in the history of the rebellion  
of which it would seem this letter  
forms so interesting a part?

A TRAIN OF DISASTERS.

The recent disaster at St. Thomas  
brought in its train a remarkable  
series of accidents, which the London  
Advertiser sums up thus: The  
collision first killed several people  
and broke an oil tank. The burn-  
ing oil set fire to two cars and burn-  
ed up several more persons. The  
heat from the burning cars caused  
an oil tank to explode, killing and  
burning many more people. The  
explosion frightened a team of  
horses and they ran away, killed a  
woman and hurt several people.

The blazing oil set fire to a num-  
ber of buildings and a child was  
burned to death. The late excursion  
train from Port Stanley was de-  
layed four hours by the blockade,  
and a young lady waiting for it fell off  
the pier at Port Stanley in the dark  
and was drowned. Thus the first  
crash was responsible for all that  
followed, down to the last life lost  
at Port Stanley.

It is now stated that the dreadful  
railway accident at St. Thomas was  
caused by the conductor and en-  
gineer becoming intoxicated. The  
conductor has been arrested. The  
engineer was killed by the collision.  
It is remarkable that in this en-  
lightened age the laws should toler-  
ate the sale and public use of in-  
toxants so calculated to endanger  
the lives of innocent persons.—E.

It is now stated that a new Con-  
servative organ, to be called The  
Empire, is to be established in  
Toronto to take the place vacated  
by the Mail. A meeting of promi-  
nent Conservatives was held in that  
city lately, at which arrangements  
were completed for bringing out the  
first issue of the new organ about  
September 1st. D. Creighton, M.  
P. P., will be managing director;  
John Livingstone, of Montreal,  
chief editor, and Robert Birmingham,  
secretary of the Ontario Conserva-  
tive Association, the business man-  
ager.

RAILWAY EXTENSION.

Superintendent Whyte, who has  
just returned from a trip to Southern  
Manitoba, was seen by the reporter  
in reference to railway extension  
in that district. Mr. Whyte, in  
discussing the question, mentioned  
that the crop was a magnificent one,  
and that Mr. Alexander, M.P.P.,  
has assured him there would be at  
least three-quarters of a million  
bushels of wheat surplus in that  
district, and that unless the branch  
were extended and railway facili-  
ties afforded the farmers, they would  
not be able to increase the area of  
land cultivated next year. The  
average distance the grain would  
have to be hauled by teams, without  
railway extension, would be 25  
miles, which would be a great hard-  
ship, and he trusted the company  
would see its way clear to build at  
least 50 miles extension through  
Southern Manitoba this fall. Some  
of the directors were coming up  
soon, when the matter would be  
settled.—Sun.

Halifax, N. S., July 28.—Consul  
General Phelan deposited \$400 this  
morning for the release of the  
schooner Annie Hodgson captured  
at Shelburne. Collector of Customs  
Foley Smith refused to allow the  
fishermen captured, or the seine  
boats of the schooners French and  
Argonaut, to be shipped home on  
fishing vessels. That would be a  
violation of the customs law, inas-  
much as American fishing vessels  
are not allowed to ship men, more-  
over there must be a guarantee  
that these men will not be trans-  
ferred to vessels which are now doubt-  
less hovering off the coast and thus  
be enabled to resume their teach-  
ing practices. Consul-General  
Phelan instructed Consul-General  
George to ship them home by the  
first chance, and says he does not  
believe that Minister Foster will  
permit such an outrage on humani-  
ty as refusing to allow these des-  
titute men to be shipped home by  
the first chance presenting itself.

A contract has been closed by  
which 1800 tons of anthracite coal  
from Banff mines will be sent to  
San Francisco. The Rocky Moun-  
tains are now beginning to deliver  
their riches.

Teemer's challenge to Haulan to  
row a three mile race for \$1,000 a  
side has been accepted. Toronto  
bay is selected as the place for the  
contest and August 12th or 13th as  
the date. After this race, probably  
on August 15th, Haulan sails for  
Australia, where he is to row a  
match with Beach.

Agriculturists throughout the old  
country are expressing their grati-  
tude for the decision of the Govern-  
ment to cease for the present the  
purchase of Canadian horses, and are  
urging the War Secretary to make  
special efforts to stimulate the  
home supply till it equals the entire  
wants of the army. The confident  
opinion, however, in well-informed  
circles is that in the event of  
threatened outbreak of hostilities  
the Government will be compelled to  
obtain an outside supply, and Canada  
is the only promptly available  
field.

Sir J. B. Blackwood, Secretary of  
the Imperial Post Office department,  
sails for Canada August 6th, for the  
purpose of studying the advantages  
offered by the Canadian Pacific  
railway as an Imperial mail route  
to the east. He will be accompa-  
nied over the line to the Pacific coast  
by Hon. Mr. McLehlan, Post Master  
General, who will supply his visitor  
with all information regarding the  
facilities offered for quick tranship-  
ment of mails across the continent.  
The report of Sir Blackwood will  
decide the prospects of the C. P. E.

HOT SHOT FROM MCGLYNN.

New York, July 28.—A remark-  
able article by Rev. Dr. McGlynn,  
entitled "The New Know-nothing-  
ism and the Old," appears in the  
August number of the North Ameri-  
can Review, issued yesterday. The  
paper is a strong and vivid presenta-  
tion of the evils and dangers, in  
the writer's opinion threaten, which,  
American nationality and American  
institutions from, as he alleges, the  
avowed purpose of German clergy-  
men to prevent the assimilation of  
their immigrant countrymen and  
their offering to the American type  
on the one hand, and the political  
scheming and sectarian educational  
tendencies of the Roman Catholic  
on the other. The doctor begins  
with an account of the Know-  
nothing party of a generation ago,  
speaks of the actual and direct inter-  
ference in politics of bishops, vicars  
general and priests in their eccles-  
iastical capacities because of their  
ecclesiastical influence to promote  
the pecuniary and other temporal  
objects of the ecclesiastical machine,  
and cites several cases to prove  
his statement. The article con-  
cludes with a detailed exposition of  
the lines upon which the remedy  
must be based. There are: "Re-  
spects for the rights of conscience,  
separation of church and state, the  
making of this country a haven of  
liberty and refuge to the oppressed  
of all nations of the world; the  
abolishing of all privileges granted  
by public authority to individuals  
granted by public authority to  
individuals or corporations whether  
civil or religious, and equal taxa-  
tion of property of such corporations,  
without exception, in favor of any  
church, charity or school, and the  
conduct of the government in all  
things absolutely for the public.  
Thus only common schools and com-  
mon charities should be supported  
from the common treasury, and  
only the common language of the  
country should be taught in common  
schools."

BITTEN BY A LARGE DOG.

A well known minister of the  
Gospel relates: "I can remember  
an event in my early life. I had  
come home from school for a holiday.  
My father had bought a fine, large  
dog. Of course I was rather afraid  
of the powerful animal, and as we  
were going out to walk, I was  
rather uneasy when I saw my father  
was to take the dog along with us.  
But he bade me to relinquish all  
fear, as he would keep the animal  
under his command, and he assured  
me that the dog would do me no  
harm if I let him alone. I found  
that my father told the truth, and  
as I walked cheerfully on by his side  
I soon lost all dread. But seeing  
that the animal was peaceful, I be-  
came bold and forward, and began  
to tease him when my father's back  
was turned. The consequence was  
that soon the blood streamed down  
my hand and my cries filled the air.  
'You promised me that the dog  
should not hurt me,' I said, sobbing.  
'Yes,' was the answer, 'but you did  
not tell me that you were going to  
torment him. It was understood  
that you were to let him alone.'  
I always look at this scar of mine  
when I think of God's promise to  
His children with reference to their  
protection against evil. It is under-  
stood that we shall keep about."

The Canadian Pacific have con-  
tracted to carry 900 car loads of  
Australian wool from Victoria, B.C.,  
to Boston. No railway, by the  
way, has yet been contracted to  
carry to Canada the wool which  
Brother Wiman intends to clap  
over the eyes of the farmers of that  
country. Brother Wiman should  
invite tenders from the roads at  
once.—Canadian American.

### SUBSTANTIAL PROGRESS.

We are pleased to be able to say  
that substantial progress has been  
made in the arrangement of details  
in connection with the construction  
of the Wood Mountain and Qu'Ap-  
pelle Railway. A meeting of the  
directors of the Company was held  
at Fort Qu'Appelle on Monday and  
Tuesday last. Several changes  
were made in the directorate for the  
purpose of representing the capital-  
ists who are putting up the money.  
Tenders will be asked for immedi-  
ately for the six miles staked out  
for grading north from Qu'Appelle,  
and the balance of the seventy miles  
to be built this season is being  
rapidly located and staked, and  
tenders for construction will be asked  
for as soon as ready.

### OUT OF ITS OWN COLUMNS.

No doubt THE PROGRESS is tire-  
some to the Regina Journal for it  
has been reluctantly compelled to  
admit the points for which we have  
contended in reference to the views  
of Mr. W. P. Perley, M. P. for  
East Assiniboia, on the National  
Policy and the duty on agricultural  
implements. The point it harps on  
is the alleged silence of Mr. Perley  
during the election campaign on the  
implement duty. Though we still  
contend that the views of our repre-  
sentative have not changed and  
were well known throughout the  
district, we will assume our cotem-  
porary's contention to be correct for  
the sake of argument. If, as the  
Journal states, Mr. Perley did not  
advocate a reduction on the agricul-  
tural implement duty on the hust-  
ling he would not be bound to seek  
for such a reduction in Parliament,  
especially when by so doing he was  
opposing the party to which he  
gives an independent support. If  
he were unpledged to do so, surely  
he deserves the more credit for  
standing by the interests of the  
farmers of the district. By its own  
argument (so called) it really proves  
the independence of Mr. Perley  
which it has so unwarrantably  
assailed. Yes, THE PROGRESS has  
ago over the old ground to keep  
the Journal in line, and we are  
glad to see it pity Mr. Perley, for  
he needs commiseration after the  
gony heaped on him by the Grit organ.

### "ABUSIVE JOURNALISM."

Under the above heading the  
Lethbridge News reads the Regina  
Leader a wholesome lesson in re-  
spect to its Billingsgate "tirade" la-  
tely poured upon THE QU'APPELLE  
PROGRESS. As we are entirely in  
accord with the remarks of the News  
we transfer the article to our  
columns. It is as follows:

"Although it is reported that  
Nicholas Flood Davin has severed  
his connection with the Regina  
Leader the columns of that paper  
are filled as before with abuse of its  
contemporaries. From the time the  
Leader first made its appearance it  
has excelled all its contemporaries  
in this respect, owing to its com-  
prehensive grasp of the language  
of Billingsgate. Some of the epithets  
bestowed upon editors who  
were unfortunate enough to offend  
its presiding deity, have been par-  
ticularly choice. The editor of one  
western sheet is a monkey whom  
the great I Am of the Leader con-  
siders he would be degraded by  
coming in contact with. Another  
is honored with the sobriquet of  
Buffalo Bill. But in the tirade  
lately poured upon the QU'APPELLE  
PROGRESS the Leader has excelled  
itself. It is doubtless highly edify-  
ing to the public to be informed  
that the utterances of a journal are  
blackguardly and its editor a ruffian,  
and we cannot believe that such  
abuse is calculated to improve the  
public mind or to uphold the dignity  
of the press. It is frequently said  
that the mission of the press is to  
educate the people, and if by edu-  
cating the people is meant render-  
ing them proficient in Billingsgate,  
the public would do well to imitate  
the style of the Leader in order to be-  
come adepts at the lesson. We are  
not aware of the causes which have  
provoked the Leader to abuse the  
PROGRESS in this manner; it is pos-  
sible that the latter may have been  
deserving of censure. Let this be  
as it may the Leader should remem-  
ber that it is lowering the dignity  
of the press for an editor to borrow  
from the fisherman epithets to hurl  
at a confere. This is the more un-  
pardonable in a paper like the  
Leader, which is the Government  
organ, published at the capital of  
the Territories, and must therefore,  
to some extent, be regarded by the  
people of the eastern provinces as  
being representative of the North-  
west press."

"The tirade lately poured upon  
THE QU'APPELLE PROGRESS" arose  
partly from the fact that we took  
the Leader to task for endeavoring  
to introduce politics into the last  
territorial council election for the  
district of Qu'Appelle, which the  
Leader denied in its characteristic  
manner, defying us to quote either  
sentence or paragraph from the  
Leader to prove our statement.  
This we did without any difficulty,  
and with very little comment.  
Tripped up, the Leader editor has  
none of the dignifying qualities of  
a gentleman, and would not grace-  
fully admit its error, but tried to  
evade it by saying one of its edi-  
torials was a simple item of news.  
A few weeks later THE PROGRESS  
overlooked an article in the Leader  
containing a telegram from Mr. N.  
F. Davin, M.P. for West Assiniboia,  
and in consequence we attacked  
Mr. Davin for, as we thought  
assuming too much in the recent  
session of the Dominion Parliament.  
The Leader, seeing its chance,  
pounced upon our devoted head a  
torrent of Billingsgate. After  
"charitably assuming that we did  
not catch on to Mr. Davin's tele-  
gram," it characterizes THE PROGRESS  
man as "swelling himself in the  
cosepools of venom and wanton  
misrepresentation." It also made a  
false and contemptible insinuation  
in regard to our business methods  
—an insinuation prompted by jeal-  
ous incapacity—and otherwise ven-  
dered upon us a torrent of abuse. Of  
course THE PROGRESS, as in honest

bound when we found we had made  
a mistake, frankly acknowledged the  
error, and made the amende honora-  
ble. Though we admitted having  
wronged Mr. Davin, we contended  
that our error was not ground from  
which the Leader should fling at us  
the garbage and filth which has dis-  
graced its columns so much of late,  
and expressing our belief that it  
surely was not so bad for THE PRO-  
GRESS to overlook an article in the  
Leader as for the Regina editor to  
forget what he had written within  
a fortnight. We apparently inflicted  
a deep wound through the  
rhinoceros hide of the Leader, for  
its next issue contained an article in  
which that sheet excelled itself for  
blackguardism. The article con-  
tained so many lying insinuations  
and assertions drawn wholly from  
the editor's lofty (?) imagination that  
we felt it unnecessary at the time  
to refer to it at any length, believing  
that the false nature of the article  
would condemn itself in the mind  
of the unprejudiced reader. After  
we had acknowledged our error in  
respect to Mr. Davin the Leader  
still persisted in stigmatizing us as  
making "brazen lying statements"  
and being guilty of "vindictive un-  
truths," and "glorifying in the fabri-  
cation of barefaced falsehoods." The  
above is a plain, unvarnished sum-  
mary of our fight with the Leader;  
one which reminds us very much  
of a death struggle between a terrier  
dog and a polecat. THE PROGRESS  
being very much disgusted at the  
ignoble and odoriferous enemy it  
has unfortunately encountered. We  
have taken this trouble of going  
back over the ground for the benefit  
of those papers with which we do  
not exchange, but have extracted  
from the Leader some of its choicest  
language toward THE PROGRESS,  
and which the Regina sheet had not  
the penetration to see was done in  
irony or sarcasm. We do not hope  
that the fight is yet over, as the  
felino is said to be very tenacious  
of life, and THE PROGRESS having  
the unflinching instincts of the terrier  
is bound to fight it out if it takes  
all summer and we do not bankrupt  
the forbearance of our readers.

### NOTES AND COMMENTS.

The next book that may be look-  
ed for will be a dictionary by the  
Regina Leader to be furnished its  
readers for the purpose of enlighten-  
ing them on the meaning (if it has  
any) of some of its highfrown (?)  
language. The first word no doubt  
would be "afforestation," used  
several times in last week's issue of  
the Regina sheet.

The North Renfrew election has  
resulted in the return of a Conserva-  
tive candidate. Mr. Duncan Mc-  
Intyre, formerly of the C.P.R. syn-  
dicate, was the nominee of the Grit  
leaders Cartwright and Mitchell, but  
was rejected by the people who  
formerly elected a Grit. The latest  
report of the state of the poll was  
1-7 majority for the Conservative  
nominee with one place to hear  
from. Thus steadily grows the gov-  
ernment majority which was ac-  
cording to the Glabe account to  
dwindle away into a minority.

Whitty Chronicle (Grit): As long  
as this paper runs the country there  
will be no change in the fiscal policy.  
Thence the people have had the priv-  
ilege of saying as to what policy we  
shall pursue and three times the  
people have said we must pro-  
tect our manufactures. On the  
strength of this many towns have  
invested large sums in the way of  
business, and many men have en-  
riched their capital in manufac-

ing, and thus we are doubly com-  
mitted to a certain line of policy.  
It has always been the belief of our  
people that it was necessary to make  
this a manufacturing country and  
we believe so yet. When this  
policy was inaugurated a hundred  
kinds of ruin was predicted for the  
country, but there are no signs of  
desolation yet. As a matter of fact  
there are many other things about  
our system of Government which  
need overhauling, but our fiscal  
policy is right.

### THE GOVERNORSHIP.

The rumor has been revived that  
Mr. Joseph Royal is to be appoint-  
ed Lieut.-Governor of the North-  
west Territories. We sincerely  
hope that the Dominion Govern-  
ment do not seriously contemplate  
such an injustice to these territories.  
The people in the Northwest are  
largely—in fact, almost entirely—  
English speaking and want an  
English speaking governor. A  
French governor would not be in  
sympathy with our people, and they  
have sufficient evidence of the in-  
capacity of French administration  
officers in the province of Quebec.  
Few, if any, of the French-speaking  
Canadians are capable of assum-  
ing and successfully carrying out the  
varied duties required to be per-  
formed by our Lieutenant-Governor.  
Their calibre is too light, and their  
character too pliable in the hands  
of certain parties to suit the solid  
reasoning Anglo-Saxon and Celt,  
and these are the parties who are  
trying principally to induce us to come  
here. We would not object on the  
ground of nationality, but as long  
as French Canadians insist on pre-  
serving their language and holding  
aloof from their countrymen, they  
must expect the English Canadians  
will not tamely submit to having  
them placed in positions of authority  
over them. Much has been said pro  
and con about our present Lieut-  
enant-Governor, Mr. Dewdney,  
but as time goes on he proves that  
he is desirous of meeting the views  
of the Northwest people as far as it  
is possible for him to do. No one  
will, for a moment, question his ex-  
ecutive ability and he performs an  
amount of work for which he does  
not always get due credit. We  
have in the past freely criticized  
the actions of the Governor, and it  
is our duty and privilege to do so  
at all times, but no reasonable man  
expects perfection in any official,  
high or low. But we are compelled  
to say that Mr. Dewdney has  
had a most difficult post to fill, and  
on the whole has done his duty in  
a satisfactory manner, and to change  
at the present time, just when the  
Governor and the people are in  
better accord with each other,  
would be an act of folly, and an act  
the more so if a French Canadian  
is appointed as his successor, and  
especially if that French Canadian  
is Joseph Royal. The people are  
fully cognizant of that gentleman's  
pedigree, and will emphatically  
enter a protest against his appoint-  
ment. They do not want a second  
Quebec millstone around their  
necks. They are a progressive  
people, and want rather to obliterate  
the remnants of feudalism and  
the middle class ideas of Mr. Royal  
and that ilk.—Medicine Hat Times.

The Week: The Crimes Bill  
has received the Royal assent, and  
thus Ireland is placed, as to the  
law, very much in the same position  
as Scotland. In Scotland the  
existing and permanent law and  
practice closely correspond to the  
provisions of the present Crimes  
Bill, and the Irish have little ground  
to complain that their country is  
treated exceptionally among the  
Three Kingdoms. What is excep-  
tional is the amount of crime in  
Ireland, and an organized conspiracy  
that has usurped the functions of  
the Queen's Government there; and  
these have created a necessity for  
putting into operation in Ireland a  
system of law that, in many re-  
spects in a more stringent and far-  
reaching form, is the system of law  
of Scotland also. Nearly the whole  
of Ireland has been proclaimed for  
the purpose of restoring the author-

ity of the Queen's Government; but  
we have reason to hope that with a  
watchful Liberal Party holding the  
check rein, due consideration is  
applying the law will be given by  
the Government to the exceptions  
condition into which Ireland has  
been brought by the political agita-  
tion of the past few years.

The Week: The United States  
Government has acted well in the  
matter of the last Herring Sea sei-  
zure. It would have been better if  
the seizure had never been made,  
if the United States revenue cruis-  
ers had been instructed not to com-  
ply with the wishes of the Alaska  
Company by treating all foreign ves-  
sels in the Alaska Seas as interlop-  
ers in an American lake; but the  
mischievous having been done, the  
prompt release of the seized vessel,  
and the admission that the seizure  
was illegal is all that can be ex-  
pected at present. The United States  
ought, however, to give up defini-  
tely the untenable claim that the  
Herring Sea is a closed sea. The  
United States Government disavows  
that pretension when Russia claims  
all the territory on both sides of it,  
and now that the territory is divid-  
ed between Russia and the States,  
it is doubly impossible for the latter  
to maintain the claim.

The first duty of any person who  
has any religious belief is to attend  
the service. Giving for the support  
of God's cause is another duty.  
The responsibilities of discharging  
these duties rest with each indi-  
vidual. It will not do for you to  
say that you will not be missed.  
Every one's example is worth some-  
thing. No man can free himself  
from the relations he bears to society  
at large. Regular attendance at  
public worship is casting one's in-  
fluence on the side of religion, with  
all that word implies. Habitual  
absence from church is a blow aimed  
at all that is beautiful and good.  
Those who have not much to give  
in the way of money can feel that  
in always being present at the  
church services, they are yielding  
a support that counts largely toward  
the church's strength and growth.

### QU'APPELLE.

—Railroad expectations are getting higher.

—The Methodist Sabbath School and the children of the town picnic today at the Squirrel Hills.

—The showers of rain are interfering somewhat with the haying, but are a benefit to the growing crops.

—The cricketers are practising for their match with the Winnipeg team on the 8th inst. It is expected to be an interesting game.

—Rev. Paul F. Langill, of Picton, N. S., is here for the benefit of his health. He officiates in the Presbyterian church during his stay.

—The Royal Templars propose to hold a public meeting shortly at which they will give portions of their regular weekly program of entertainment for the "good of the order." A merely nominal admission fee or collection will be taken up.

—Rev. W. Henderson of Glenora, Ont., lately returned from Egypt and Palestine, will visit Qu'Appelle on the 26th inst., and deliver a lecture on oriental manners and customs, in the Methodist church. Further particulars next week.

—A few of the farmers have lost the most of their crops owing to the hot winds during the first part of July and the devastations of the gophers, but generally there will be a good crop of wheat, oats and barley. The latter is particularly good. Potatoes will be an excellent crop. The most of the carrots and turnips succumbed to the gophers.

—Mr. Jas. Carson, of Sinituluta, has the contract for putting in the alternate cedar poles along the Government telegraph line between this place and Humbolt. He will begin work in a few days. Mr. A. Von Linderburg of Touchwood is here and will oversee the work as it progresses. The line west from Humbolt to Battleford is being entirely renewed with first class tannan poles.

—On Saturday last the directors of the agricultural society met and arranged for the holding of their fall show on the 7th of October. Messrs. Ross, Webster and Strong were appointed to confer with surrounding societies in reference to territory to be covered by letters of incorporation, and Messrs. Gordon, McLane and Webster were appointed a committee to arrange the prize list. It is expected the society will have about \$600 for prizes. Judges were also named for the different classes.

—At the Leland, J. Cranor, Scotland, G. C. Alexander, Reigate, Eng.; E. W. Low, J. R. Bunn, G. Ripstein, L. C. McIntyre, Winnipeg; J. Zinkin, Mr. and Mrs. Boston, W. Sutherland, C. Colebrook, T. Oliver, Ellsboro; H. R. Cameron, Brandon; B. Crawford, D. McLean, J. Wallace, Indian Head; Mrs. Simpson, Fort Smith; Ven. Arch. W. D. Reese and family, Athabasca.

—At the Queen's: G. Ferguson, Indian Head; R. Stephens, T. W. Jackson, Fort Qu'Appelle; G. L. Jackson, G. H. Secor, T. McGavey, J. M. Cameron, J. C. Campbell, H. Mulholland, E. C. O'Brien, Winnipeg; C. H. Leany, Victor Dohds, Alex. McGibbins, W. H. Duncan, W. Henderson, Regina; T. W. McKay, G. J. Miles, Rev. H. M. Attwater, Rev. Canon Platt, T. H. McGinn, M. McLaughlin, Prince Albert; Helen Oxford, Ed Ground, W. Douglas, Chatham; B. F. Wildman, Graydon, Eng. J. G. Langley, John West and family, Garmen; P. C. Jernold, London; Mr. Lockport, England; J. F. Guerin, Whitehead; H. C. Mavey, Clinton; M. N. Hay, Ottawa; E. J. Shillock, Chicago; W. E. A. Lequesne, C. P. R.; Dr. Martin, New York; Dr. Douglas, Seattle.

—Prof. Tanner, Mrs. Tanner and party arrived by Tuesday's express. They remain here a short time.

—The Regina Methodist Sunday school have arranged for an excursion to Qu'Appelle by train on the 12th inst.

—Mr. Thos. King, while breaking at the Tanner colony, was injured in the back one day last week, by the oxen becoming unruly.

—Mr. W. H. Duncan, of Regina, has completed his contract for the delivery of the cedar telegraph poles along the Government line between here and Humbolt.

—Jas. Rogers, a young man, working for Messrs. Thos. Wright & Sons, got his leg broke one day last week by a bull crowding him against the corner of the corral.

—Mrs. Malcolm, who has been living in the house of Mr. Storer Brown, about two miles out of town, was brought before Mr. A. M. McLane, J. P., on Monday last, and adjudged a dangerous lunatic. She was sent to Regina, and there confined. Her husband is ill and there are four children in a helpless condition. This is a case requiring the attention of the charity committee of the council.

—The brass band have decided to play without charge for any local institution or entertainment when required, and appeal to the generosity of the town for assistance in bearing their heavy expenses. The band is now composed of twelve members and each is required to pay \$2 per month towards the salary of the teacher, and that does not meet the whole expense. It is therefore intended to ask the assistance of the townspeople and it is nothing more than right if the members of the band give their time that they should be aided financially. Our citizens need not wait till called upon. They can leave their subscriptions at Mr. Caswell's bank.

—Mr. L. W. Mulholland, who has been identified with the growth of our town since the first, has with others organized the Manitoba Lumber and Fuel Co., and bought out the business of Davis & Co., of Winnipeg, who had a saw mill at Barclay on the line of the C. P. R. east of Winnipeg, and branch yards at Port Arthur, Hat Portage, Selkirk, Portage la Prairie and Brandon. The new company will continue the business and will devote special attention to wholesale transactions in lumber and fuel. Mr. Mulholland has been appointed the Sec. Treas. of the company and will remove to Winnipeg this week. The Misses Mulhollands will accompany him.

—On Tuesday evening between 21 and 22 o'clock a severe thunder storm passed over the town, and one of the bolts struck the residence of Mr. A. J. Baker, immigrant agent. The fluid struck the south chimney, knocking off a number of bricks; a portion went down the outside of the building, some of the shingles being knocked off and a piece of the siding on the gable knocked off and thrown about twenty feet and splintered, and one of the wall studs badly shattered. Another portion of the fluid went down the dining room stove pipe and by the stove through the floor into the ground. One of the stove legs was knocked out and two of the cedar blocks on which the stove stood were shattered. A lighted lamp standing on the dining room table was extinguished. Miss Baker was in the north part of the house, in the parlor sitting at the piano; the shock threw her off the stool, but she was uninjured. Had the electric charge been any greater the damage done might have been very serious. As it was Mr. Baker's fine residence had a narrow escape from destruction.

The members of the mounted police force who have been in this neighborhood for some time searching for the horse stealers and murderers from the west were withdrawn on Tuesday. All trace of the outlaws has been lost, but when winter comes hiding will be more difficult and then a capture may be effected. —Birtle Observer.

## Cricket.

### QU'APPELLE V. WINNIPEG.

Final arrangements have been made for the cricket match between the Qu'Appelle and Winnipeg Cricket Clubs on Monday next, the 8th instant. A match will be played on Saturday afternoon next between the eleven who are to play for the home club on Monday and a twenty-two selected from other members of the club. The visiting eleven will be entertained on Monday by the club with a lunch on the ground and a dinner at the Leland House after the match. The brass band have kindly consented to play on the cricket ground during the day. The proceedings will be concluded by a ball at the Immigration building which is under the management of the ladies of the town and district who are most kindly providing the ball supper.

### WE WONDER

—When the Regina Leader told the truth?

—Why a lie should be called a Regina Leaderism?

—If the Leader or any one else can tell us what Mr. Davin did to "root" the Progress in Qu'Appelle soil?

—How a "practical person" can "waste his time"? (Vide Leader, 26th ult., 2nd page, 2nd column, 6th line from the bottom.)

—Why the Regina Leader has so suddenly dropped blackguarding the Medicine Hat Times, the Qu'Appelle Vidette and THE PROGRESS?

### VOTERS' LIST.

### MOUNTED INFANTRY.

The following reply was received to a letter asking for the establishment of a company of mounted infantry here:

Dept. of Militia and Defence, Minister's office, Ottawa, July 18th 1887.

DEAR SIR, I have your letter in reference to the establishment of a mounted infantry corps at Qu'Appelle.

The establishment of such a corps is very expensive and would incur so great an expenditure that it requires to be carefully considered, and I am not at present in a position to say if I will be able to grant such a request. Believe me, Yours truly,

ADOLPHE P. CARON.

The sittings of the supreme court of the Northwest Territories for the Judicial District of Eastern Assiniboia will be held at the following places and times—Mooseomin on the second Monday in January and the second Monday in July; Wolsley on the last Monday in March; Whitehead on the second Monday in October.

## FIRE PROTECTION.

To the Editor of The Progress.

SIR: Would it not be a good idea, as we are not in possession of any fire protection, to organize a hook and ladder company, as with such a fire could more easily be confined to where it originated, by pulling the building down in case it were not possible to save it. Will some of the citizens give their views in this matter?

Yours &c.,

CITIZEN.

—Mr. John Grieve has the best potatoes and carrots shown us so far. His garden is fine.

The large influx of Icelanders to Manitoba that is now taking place, says the Winnipeg Call, will afford cause for general satisfaction. The people of this nationality who have already settled in this country have been found to be honest, industrious and thrifty, and most excellent settlers. In view of the unfortunate condition of their mother country there seems every prospect that large numbers of Icelanders will seek homes in Manitoba this year.
